Converting your trial license to a production license 1

Converting your trial license to a production license

When you first enable cloud services on NetApp HCI, the installation process configures a 90-day trial license. After that time elapses, you must convert the trial license to a production license for continued use.

About this task

Information about your license appears in the NetApp Hybrid Cloud Control banner.

You can upload the NetApp license file (.nlf file) via NetApp Hybrid Cloud Control.

Steps

1. Access NetApp Hybrid Cloud Control (HCC) by opening a web browser and browsing to the IP address of the management node: https://<_ManagementNodeIP_>;

2. On the NetApp Hybrid Cloud Control banner, click **Upload a License**.
3. Browse to locate your license file and Click **Upload License**.

Result

The updated license information is displayed in the NetApp Hybrid Cloud Control banner.
